

Ankit Sahay | Principal Engineer | 12+ Years Experience

Lead Full Stack .NET Engineer | ASP.NET Core | Microservices | Angular | MERN Stack | Java | Technical Trainer

Mobile: **9415151212** | Email: **ankit.netcore@gmail.com** | Git: <https://github.com/MyCodeClub>

Address: 470/89 New Pakkapul Khandar, Sitapur Road, Lucknow, UP - 226020

Professional Summary

Senior Full Stack Engineer with **12+ years of experience** building high-volume enterprise applications using **ASP.NET Core, Web API, SQL Server, Angular, and Microservices architecture**. Delivered scalable e-commerce, HR, finance, recruitment, and inventory platforms, optimized API performance, reduced database response times, and led end-to-end feature delivery across distributed teams. Strong expertise in **REST APIs, EF Core, SQL optimization, payment gateway integrations, cloud-enabled enterprise applications, Angular, MERN Stack (MongoDB, Express.js, React.js, Node.js), and Java Full Stack technologies**. In addition to enterprise product engineering, actively involved in **Guest Lecturing, Professional Technical Training, Corporate Workshops, and Career Counseling for Engineering & Polytechnic students**, with a focus on industry-oriented programming, full stack development, project mentoring, internships, and placement readiness.

Core Competencies

- Enterprise Full Stack Development (.NET, Angular, MERN, Java)
- ASP.NET Core, Web API, REST APIs & Microservices
- Angular, React.js, TypeScript, JavaScript, Bootstrap, HTML & CSS
- MongoDB, SQL Server, PostgreSQL & Entity Framework Core
- Cloud Platforms (Azure, GCP) & Docker-based Development
- Performance Optimization, Code Reviews & Technical Leadership
- Corporate Technical Training & Workshop Delivery
- Guest Lecturing, Student Mentoring & Career Counseling

Technical Skills

Backend: C#, ASP.NET Core, ASP.NET MVC, Web API, REST APIs, Microservices

.NET Technologies: .NET, .NET Core, MVC, Entity Framework, Entity Framework Core

MERN Stack: MongoDB, Express.js, React.js, Node.js, JavaScript (ES6+)

Java Full Stack: Core Java, Advanced Java, Spring Boot, Spring MVC, Hibernate, JDBC, Maven

Frontend: Angular, RxJS, NgRx, Micro Frontend (MFE), Blazor, Alpine.js, jQuery, Bootstrap, HTML, CSS

Database: SQL Server, MongoDB, PostgreSQL

Version Control: Git (GitHub, GitLab, Bitbucket), SVN, TFS

Cloud & Services: Microsoft Azure, Google Cloud Platform (GCP), Microsoft Graph API

SSO & Security: OpenID Connect (OIDC), OpenIddict

Tools & DevOps: Docker, Azure DevOps, GitHub Actions, CI/CD Pipelines

Payment Gateway Integrations: Authorize.Net, PayPal, PayUMoney, Stripe

Academic / Training Profile

Part-Time Guest Lecturer | Professional Technical Trainer | Corporate Trainer

- Deliver training programs on **.NET Full Stack, Angular, MERN Stack, Java Full Stack, SQL, API Development, and Cloud Fundamentals**.
- Conduct **corporate training sessions, technical workshops, coding bootcamps, weekend batches, and hands-on project-based learning programs**.
- Guide **B.Tech, BCA, MCA, Polytechnic, and Diploma students** in final-year projects, internships, resume preparation, GitHub portfolio creation, interview preparation, and placement readiness.
- Provide **career counseling, technology roadmap guidance, and industry mentoring** aligned with current software engineering practices.

Employment Detail

Principal / Lead Full Stack Engineer – Enterprise Product Engineering

Enterprise Client Engagements: Dell, Microsoft, Virtusa, ValueLabs, Icertis, TCS, A-Quatro Info Tech Solutions Pvt. Ltd., Bytexus Software Solution Pvt. Ltd.

Employment Tenure

- Enterprise Product Engineering & Consulting Engagements – **Dec 2023 to Present**
- Tech Support with Icertis, ValueLabs & Microsoft – **Oct 2022 to Dec 2023**
- Virtusa Consulting Services Pvt. Ltd. – **Sep 2020 to Sep 2022**
- TCS (Third-Party Payroll – Think Computers) – **Apr 2019 to Apr 2020**
- A-Quatro Info Tech Solutions Pvt. Ltd. – **Apr 2017 to Mar 2019**
- Bytexus Software Solution Pvt. Ltd. – **Jun 2015 to Apr 2017**

Education Detail

B.Tech – Computer Science & Engineering

R.R. Institute, UPTU | 2009 – 2013 | **69.00%**

12th – Brightland School

UP Board | 2009 | **63.20%**

10th – Brightland School

UP Board | 2007 | **60.00%**

Major Projects

DELL SALES ACCOUNT

Angular MFE, .NET Microservices, OpenTelemetry, enterprise onboarding, billing, shipping, quotation management, performance optimization, code reviews, sprint planning, and cross-team release coordination.

CRATE & BARREL

ASP.NET MVC, REST APIs, SQL Server, Entity Framework, ReactJS, checkout and order processing modules, performance optimization, payment workflows, and production support.

HAYS RECRUITING EXPERTS WORLDWIDE

.NET Core, Microservices, REST APIs, SQL Server, Entity Framework, Angular, TypeScript, candidate-employer mapping, employment history management, and client resource allocation.

BGRS (Brookfield Group Relocation Services)

.NET Core, EF Core, SQL Server, NUnit, database migration, employee relocation APIs, reimbursement tracking, workflow status management, and secure enterprise HR integrations.

EXCIT (Electronic Exchange, Carrying, Information & Transactions)

C#, LINQ, Entity Framework, StructureMap, Angular 4, NUnit, supplier integration APIs, inventory synchronization, pricing updates, order tracking, XML/JSON/CSV/EDI integrations, FTP/SFTP communication.

FACTOR FOX – Finance Domain

ASP.NET MVC, C#, ADO.NET, SQL Server, JavaScript, jQuery, Kendo UI, Credit-Safe UK Global Gateway API integration, Authorize.Net payment gateway integration, frontend revamp, and finance-domain web application maintenance.

Additional Information

Total Experience: 12+ Years

Notice Period: Immediate / 30 Days (Negotiable)

Preferred Roles: Lead Full Stack .NET Engineer | Multi-Stack Principal Engineer | Technical Trainer | Corporate Trainer | Guest Lecturer | Career Counselor

Preferred Locations: Remote | Lucknow | Bangalore | Hyderabad | Delhi NCR

Open To: Enterprise Product Engineering, Cloud-Enabled Enterprise Applications, Corporate Technical Training, Part-Time Teaching, Contract Training Assignments, and Weekend Workshop Engagements.

Career Objective

To continue contributing as a **Multi-Stack Principal Engineer and Technical Leader** by leveraging my **12+ years of enterprise software engineering experience** across **.NET, Angular, MERN Stack, Java, Microservices, and Cloud technologies**. Alongside enterprise product development, I am passionate about **Guest Lecturing, Professional Technical Training, and Corporate Learning Programs**, and I aim to bridge the gap between **industry practices and practical education** by mentoring students, working professionals, and corporate teams through hands-on full stack development, software architecture guidance, project mentoring, and career development initiatives.
